# MCC reclaims 5 acres of encroached land

Mysuru, Dec. 21 (RK&DM)- Three days after the Mysuru Urban Development Authority (MUDA) reclaimed 5.14 acres of encroached land at Basavanahalli in the outskirts of the city, the value of which is estimated at Rs.100 crore, the Mysuru City Corporation (MCC) in a joint operation with the Taluk Administration this morning reclaimed 5 acres of encroached land at Gorur in the taluk, the value of which is now estimated at Rs. 3 crore.

The Government had earmarked 55 acres of a large swathe of land adjacent to the now Mandakalli COVID Care Centre at Gorur in the taluk years ago. This land was classified as Aramane Kaval land and came under new RTC Survey Nos. 112, 113, 121 and 127 (old Survey No.38) at Gorur. In 2004, the then Mysuru Tahsildar had handed over this land to the MCC for construction of Ashraya houses for beneficiaries of K.R. Assembly Constituency. But as there was a delay in the construction of Ashraya houses, three persons of a nearby village, taking advantage of the delay, encroached upon five acres of land and fenced it claiming that it belonged to them.

Upon learning of the encroachment, the Taluk Administration recently conducted a re-survey and found that 5 of the 55 acres of Government land had been encroached upon. Armed with the survey report, supporting documents and other relevant records, the MCC and Taluk Administration authorities led by MCC Additional Commissioner Roopa, carried out a drive early this morning and reclaimed the land by removing the fence and erecting a name-board mentioning that the land belonged to MCC.

# No buyers for bamboo cribs and stars despite price cut

## Omicron scare: Govt. guidelines for Christmas, New Year celebrations awaited

By S. Kenneth Shishir

Mysuru, Dec. 21- Though Christmas decorations in houses is incomplete without a crib and stars, bamboo weavers at Bamboo Bazaar on New Sayyaji Rao Road say there are no buyers for cribs and stars despite slashing the prices this year.

The bamboo weavers, who prepare cribs and stars from the first or second week of December anticipating good business, are a worried lot as there are no takers for their products. These bamboo weavers have displayed cribs and stars on footpaths near Deaf and Dumb School also on New Sayyaji Rao Road.

Latha, a bamboo weaver at Bamboo Bazaar, said "Last year the business was better than this year. I used to sell about 10 cribs and stars daily last year despite COVID pandemic and this year though the pandemic has reduced, I am hardly selling one or two cribs and stars daily. Most of the cribs and stars have remained unsold till today. There are no buyers despite reducing the prices of cribs and stars."

A medium size crib which was being sold at Rs. 500 to Rs. 600 is now being sold at Rs. 400 to Rs. 450 and the small size crib now costs Rs. 350. A 2ft. tall star is sold at Rs. 300. But still there are no takers, she rued.

## EDITOR'S BOTTOMLINE

*The RBI will soon allow digital payments for feature phone users and without internet access. This is an intelligent move to further deepen UPI transactions, which is already the high king of digital payments. Since its launch in April 2016, UPI has emerged as the single-largest retail payments platform in terms of volume, led by small-ticket transactions of less than Rs. 200. Extending UPI to feature phone users, who constitute a significant number, isn't surprising given its rising dominance with 14 crore transactions per day, closing in on the 1 trillion dollars mark in value.*

*UPI falls under the Government's zero merchant discount rate policy, where merchants aren't levied extra charges, and service providers earn no revenue. In contrast, credit card transactions incur a cost not for customers but merchants, who often refuse card payments to avoid the levies. Then there are prepaid payment instruments and wallet companies who charge customers, and the costs are uneven. Clearly, we need parity to ensure that digital payment modes are reasonable and affordable but at the same time, remain 'economically remunerative' to service providers to avoid a revenue dent. But it's also essential to balance the interests of consumers, as charging UPI transactions will only disincentivise its usage.*

## REALLY...?

- *The Ganges, the Indus, the Brahmaputra, the Mekong, the Yangtze and the Yellow Rivers all originate in the Himalayas. This water supplies three primary river systems in Southeast Asia: Indus Basin, Yangtze Basin and Ganga-Brahmaputra. Interestingly, those rivers are actually older than the Himalayan peaks!*
- *Mount Everest was named by Sir Andrew Waugh in 1865 in honour of his predecessor Sir George Everest who was the Surveyor General of India from 1830 to 1843. However, the locals have their own names for the giant mountain. The Tibetans and Sherpas call it Chomolungma, which means "Mother Goddess of the Earth."*

# Better use vaccine for booster dose than wasting them

Sir,

Apropos the headline in *Star of Mysore* dated Dec.19 which inter alia informs that forty thousand doses of COVID-19 vaccines are wasted and DHO claims it is negligible.

Well, I am of the opinion that instead of wasting the vaccine doses which take time, energy and money to manufacture in the labs, the Central Government can immediately issue instructions for administering of 3rd / booster doses to people who had taken the second dose more than six months back, charging for the dose appropriately. In that way, the vaccine doses don't get wasted, earn money instead and provide increased immunisation for the people to thwart the infection of COVID-19, be it Delta or Omicron.

The District Health authorities concerned need to give feedback in this regard to the higher authorities through their proper channels.

# MSMEs protest against rising prices of raw materials

## Submit memorandum to Additional DC

Mysuru, Dec. 21 (RK&DM)- Entrepreneurs of Micro, Small and Medium Enterprises (MSMEs) in Mysuru staged a demonstration on Monday in protest against rising prices of raw materials. The office-bearers of several industrial organisations met Additional Deputy Commissioner Dr. B.S. Manjunathaswamy to convey their concerns and submitted a memorandum. The demonstration was part of a nationwide protest called by All India Council of MSMEs.

Suresh Kumar Jain of Mysore Industries Association (MIA) said MSMEs are the backbone of the economy and contribute significantly to country's GDP.

Pointing out that despite requests there are no efforts to roll back prices of raw materials to pre-COVID levels, Jain said that the units are faced with the challenge of working capital erosion on account of increasing prices of steel, iron ore, aluminium, copper, plastics, PVC, paper and chemicals.

Seeking protection against price escalation, the entrepreneurs wanted the Public Sector Units to receive fresh quotes from MSMEs. They also wanted the Steel Authority of India to maintain price stability for at least 3 months at a stretch.

Noting that any crippling of MSMEs will discourage entrepreneurs, they argued that rising prices will blunt the success of the concept of Atmanirbhar Bharat.

They wanted the Government to derive a formula for checking price escalation, quota for MSMEs at concessional price and permission for import based on cost and quality.

Mysore Chamber of Commerce and Industry President A.S. Satish, office-bearers of MIA, Hebbal Industrial Estate Manufacturers Association, Mysore District Small Scale Industries Association, KIADB-Industrial Area Manufacturers Association, Mysuru District SC-ST Industrialists Association, MSME Council, Mysuru Small Scale Industrial Manufacturers Association, Metagalli Industrial Estate Manufacturers Association, Nanjangud Industries Association, KATKHI Industrial Association and others were present.

# Manual scavenging: Pourakarmika takes ill, dies at hospital

## Protest staged by keeping body near DC's Office; Rs. 10 lakh compensation handed over to family of deceased

Mysuru, Dec. 21 (PM&KS)- Accusing that a private Pourakarmika was forcibly made to get into a sewage soak pit to clean it, who took ill and later breathed his last at a hospital, the family members of the deceased Pourakarmika, led by former Mayor Narayan, staged a protest by keeping the body of the Pourakarmika in front of the Deputy Commissioner's (DC) Office here yesterday demanding Rs. 25 lakh compensation to the deceased family members.

The deceased Pourakarmika is A. Madhu (27), a resident of Pourakarmika Colony in Periyapatna. On Dec. 17 evening, an Anganwadi teacher, residing on Krishnapura Road in the town, was getting the sewage soak pit of the house cleaned manually and Health Inspector Pradeep and staff, along with Safai Karmachari Jagruti Samithi Member H.K. Mahesh, who received information about it, rushed to the spot and advised Pourakarmikas Madhu, Vishwa and Rajesh not to indulge in manual scavenging.

Health Inspector Pradeep had lodged a complaint against the Anganwadi teacher at Periyapatna Police Station.

But the next day, Madhu is said to have taken ill and was rushed to Periyapatna Government Hospital, from where he was taken to a hospital in Mysuru and was admitted there. Madhu later breathed his last at the hospital.

*Deceased A. Madhu*

The protesters, who brought the body of Madhu in an ambulance, stationed the vehicle near the DC's Office and staged the protest.

Accusing that three Pourakarmikas were forcibly made to get into the sewage soak pit to clean it, out of whom Madhu took ill and died at a hospital, the protesters demanded stringent action against those who had made the Pourakarmikas do manual scavenging works despite being banned and register a case against them.

Former Mayor Narayan said that though manual scavenging has been banned, it is still thriving in the State and alleged that the Police were not booking cases under MS Act in such incidents.

*Family members of deceased Pourakarmika Madhu and members of pro-Pourakarmika organisation staging a protest in front of the DC's Office yesterday keeping the mortal remains of Madhu in Ambulance.*

Pointing out that 89 Pourakarmikas had died in the last 10 years after indulging in manual scavenging, Narayan said that no action has been taken even on a single offender.

DC Dr. Bagadi Gautham, who arrived at the protest spot, gave a patient hearing to the grievances of the Pourakarmikas, told the protesters that adequate compensation would be provided to the deceased family members by the Government and added that he has held discussions with the officials of the Social Welfare Dept. in this regard besides stating that he has directed the Police officials to complete all legal procedures soon.

The DC also said that he would direct the officials concerned to conduct investigation and take legal action against those who had made the Pourakarmikas indulge in manual scavenging.

Meanwhile, officials from the Periyapatna Town Municipal Council handed over a compensation cheque of Rs. 10 lakh in the name of deceased Madhu's wife Abhirami, which was received by Madhu's father and sister, following which the protest was withdrawn.

Zilla Safai Karmachari Vichakshana Jagruti Samithi Member K. Nanjappa Basavanagudi, Pourakarmika Leader Mahesh and others took part in the protest.

# Man sentenced to life for killing woman

Mysuru, Dec. 21 (KS)- The city's 7th Additional District and Sessions Court has sentenced a man to life imprisonment besides imposing a fine of Rs. 20,000 after he was found guilty of murdering a woman who had exposed his illicit relationship and also for brutally assaulting the woman's daughter.

The convict is Mahesh, a resident of Saragur village in Badanavalu Police limits. Mahesh had hacked Seethamma of the same village with a machete and had also brutally assaulted Seethamma's daughter Geetha in a bid to kill her.

On Feb. 2, 2016, about 2.30 pm, Seethamma received a call from the woman, who is said to have been in a relationship with Mahesh, who told Seethamma not to disclose her illicit relationship to anyone.

Mahesh too is said to have called Seethamma and scolded her during which wordy duel ensued between Seethamma and Mahesh.

On the same day at about 6.15 pm, Mahesh, who came to Seethamma's house, reportedly dragged her out of the house and allegedly hacked her to death with a machete.

Seethamma's daughter Geetha, who rushed to her mother's rescue, was also brutally assaulted by Mahesh.

A case was registered at Badanavalu Police Station and the then Nanjangud Circle Inspector M.C. Ravikumar conducted investigation and had submitted a charge-sheet to the Court.

Judge Yashwanth Kumar, who took up the hearing, heard the arguments from both sides and found Mahesh guilty of the crime, following which the Judge sentenced Mahesh to life imprisonment. Public Prosecutor K. Nagaraj argued on behalf of the Government.

# Full-fledged Maternity Care at SMT Hospital

## A boon for women from Lakshmipuram, Vidyaranyapuram and Ashokapuram

*The State-run Seth Mohandas Tulsidas (SMT) Hospital on JLB Road in city that has emerged as a major maternity hospital for Mysuru region after the Cheluvamba Hospital. Picture right shows patients at the registration counter.*

Mysuru, Dec. 21 (MK&BCT)- The Seth Mohandas Tulsidas (SMT) Hospital that was built and inaugurated to exclusively treat COVID-infected pregnant women is now functioning normally with a steady stream of visitors.

The opening of the hospital to mothers and children has considerably reduced the burden of Cheluvamba Hospital in city and Lakshmidevamma Shankarashetty Maternity Hospital at Jayalakshmipuram that have been taking the load of patients till now.

The Seth Mohandas Tulsidas Maternity Hospital was inaugurated on July 9, 1949 by the then Maharaja of Mysore Jayachamaraja Wadiyar. The hospital completed 69 years in 2018 and now it has completed 71 years. As the structure was dilapidated, very rarely people used to visit the hospital after 2010.

A new hospital was built from the funds sanctioned by the Central Government under the National Health Mission. In all, Rs. 16.50 crore has been spent on constructing the building and Rs. 3.50 crore has been reserved to buy equipment, beds and furniture. It was converted as COVID Health Centre due to spiralling Coronavirus cases in Mysuru and the pressing need for providing medical care to patients within the existing infrastructure.

*Patients waiting for their turn to meet the doctors after registration.*

The Hospital was readied and operationalised by Mysuru Urban Development Authority (MUDA), District Administration (Health Department) along with Cauvery Heart and Multi-Speciality Hospital.

Now with COVID cases negligible, the Hospital has reopened to both outpatients and in-patients. Minor surgeries and intervention procedures are being carried out with the equipment from the old Hospital that was demolished to make way for the new hospital and Caesarean sections are being undertaken.

Every day, over 30 to 40 patients are admitted to the Cheluvamba Hospital and now as the SMT Hospital has been freed from COVID patients, some of the mothers and children are preferring the SMT Hospital for treatment. Women from Lakshmipuram, Vidyaranyapuram, Ashokapuram and surrounding areas are benefited from this Hospital.

The earlier SMT Hospital was just 30 beds and the new hospital has 100 beds with all of them oxygenated. Except for specialised ICU treatment, all other treatment options are available and funds are awaited to purchase more equipment to convert it into a bigger and a speciality maternity hospital.

At present, over 20 healthcare staff including doctors have been deputed at SMT Hospital and there is a need of 30 more personnel who will be recruited in phases, said District Health Officer (DHO) Dr. K.H. Prasad. There are separate sections for labour, Caesarean, pregnant women and neonatal mothers and 15 to 20 patients are availing treatment on a daily average, he added.

## India's new labour codes likely next year

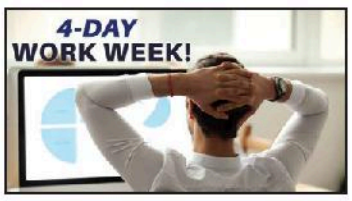
# 4-day work week, change in salary

New Delhi, Dec. 21- If the new labour codes are implemented, there is a likelihood that employees in India may be able to enjoy a four-day work week from next year, as opposed to the current five-day work week.

Under these new codes, a number of aspects related to employment and work culture, in general, might change including the take-home salary of employees, working hours and the number of weekdays.

The four labour codes on wages, social security, industrial relations and occupation safety, health and working conditions are likely to be implemented by the next fiscal year as at least 13 States have pre-published draft rules on these laws, a senior official was quoted as saying by news agency PTI.

If the new labour codes are implemented, employees will have to work for 12 hours on those four days since the Labour Ministry has made it clear that even if the proposal comes



through, the 48-hour weekly work requirement has to be met.

The labour codes also attain added significance in the light of the fact that once these are implemented, there would be a reduction in the take-home pay of employees. The firms, however, will have to bear a higher Provident Fund responsibility.

Union Labour Minister Bhupender Yadav, in a reply to the Rajya Sabha earlier this week, had said that the Occupational Safety, Health and Working Conditions Code is the only code on which the least number of 13 States have pre-published the draft rules. The Centre has already finalised the rules under these codes and now States are required to frame regulations on their part as labour is a concurrent subject.

# Power consumers allege that they are burdened by penalty

Mysuru, Dec. 21 (RK&DM)- Power consumers of the city, who were shocked by the recent hike in power tariffs, are now astonished by the fact that CESC has started to impose penalty on consumers who consume more power than their sanctioned capacity.

Several Domestic consumers have accused CESC of imposing irrational penalty on those who consume power more than the sanctioned capacity.

In one such case, a domestic consumer, who was classified as 3 LT2A 1-N category with sanction capacity of 1 KW+OHP, was penalised Rs. 286.88 for using more than the stipulated 58 Units of power in a month. Though the actual bill for power consumption amounts to only about Rs. 320, the CESC has issued a bill for Rs. 608.52, which includes a penalty of Rs. 286.88 for higher power consumption beyond the sanctioned limit.

Clarifying on the accusation, CESC Executive Engineer Nagesh said that the bill amount gets naturally higher when power is consumed beyond sanctioned capacity.

He pointed out that the charges for excess consumption will be printed in the penalty column for want of space.

Asserting that printing of excess charges in the penalty column is not actually penalty, Nagesh said that consumers must understand that this is the charges levied only for excess consumption.

He asked domestic power consumers to keep a constant watch on their monthly power consumption and ensure that it does not cross the sanctioned limit. He further said that consumers can seek a raise in capacity if their power consumption cross the existent limit for months together.

(Continued from page 1)

"This is seasonal business and I thought this year I could make some extra money by selling bamboo cribs and stars. But this year has proved very bad," said Latha, who is into weaving bamboo products and making cribs and stars since 23 years.

Till two years ago, before the COVID pandemic struck, Christian families were placing orders in advance for cribs and stars. To meet up with demand, extra labourers were engaged to prepare and deliver it on time. "Now, we have cribs and stars but there are no buyers," she said expecting that the business would pick up as Christmas nears.

Siddaraju, another seller said that business was better last year and added that he sells just one or two a day. "Most of them are getting wooden cribs made so that they could use it the next year too as wooden cribs are sturdy and last long," he added.

Steps have been taken to increase COVID vaccine drives in urban places and we have hopes of reaching the vaccine target of 90 percent by December end this year, the DC added.

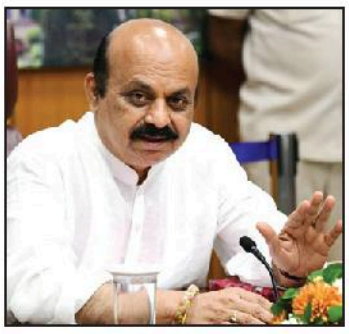
# Amidst speculations on leadership change,

## BJP top brass summons CM Bommai

Bengaluru, Dec.21 (KMS& DM)- Amid speculations on change of leadership in the State, the BJP top brass is said to have summoned Chief Minister Basavaraj Bommai to Delhi either on Dec.24 or 25.

Talks about leadership change is reportedly doing the rounds in the corridors of power both at Bengaluru and New Delhi ever since the Bitcoin scam came to the fore two months ago. Soon as the scam broke out, Bommai had visited Delhi a couple of times then reportedly to explain the party top brass about the stance of the Government regarding the alleged scam.

The Delhi call up comes just a day after CM Basavaraj Bommai



*Basavaraj Bommai*

made an emotional speech at his Shiggoan Assembly Constituency in Haveri district on Sunday, when he said that power and positions are not eternal and he would remain only as Bommai to the people when he comes to the Constituency.

Adding credence to the speculations, Industries Minister Murugesh Nirani, who had shared the stage with the CM, dropped a bombshell when he said that Bommai would become a Union Minister sooner or later.

Meanwhile, it is learnt that Bommai, who is suffering from chronic pain of the knees, is likely to go to USA for surgical treatment in the second week of January and is expected to take rest at least for a couple of months post surgery. This has also led to speculations about replacement of Bommai as such a long absence will affect development and administration and the BJP will have to pay a heavy price for it in the Assembly polls which is just 15 months away.

# Chief Minister attacks Opposition on anti-conversion bill

Belagavi, Dec. 21 (UNI)- Taking a swipe at the Opposition Congress, Karnataka Chief Minister Basavaraj Bommai on Monday said those opposing the anti-conversion bill are the ones who tried to implement it in 2016.

"Whether anti-conversion law should be implemented or not, the discussion in this regard is taking place in public platforms. Those who are opposing this bill, wanted to bring it in 2016 because this is a necessity of the society. It is not a question of this party or that party, he said addressing an event organised by the Vishwa Hindu Parishad.

Bommai said the State Government is determined to bring in this law to stop forcible conversions. "It is the responsibility of the Government to respect the sentiments of the majority of the people. Therefore, my Government is determined to prevent conversions, which not only divides the society in general, but creates walls within one house, between family members. I assure you that we will bring the bill to stop this menace of forcible conversions," he asserted.

In the race of religious supremacy, Hinduism has been looked upon with crooked eyes for centuries, Bommai said. "Despite this, we have been able to defend our culture, because we have strong views and belief systems," he said.

At the same time, the humanitarian outlook of the Hindu religion is also its weak point. Because of this, conversions have been taking place from time to time, he pointed out.

# HDK rubbishes speculations over Bommai's exit

Bengaluru, Dec. 21 (UNI)-Former Chief Minister and top JD(S) leader H.D. Kumaraswamy (HDK) on Monday rubbished speculations of Karnataka Chief Minister Basavaraj Bommai's possible exit.

*Kumaraswamy*

He was responding to a question on the emotional address Bommai gave on Sunday to the people of Shiggaon Constituency which he represents, where he said nothing is eternal in the world, including posts and positions, fuelling speculations of his possible exit.

"I do not want to give a different interpretation to the emotional speech given by the Chief Minister while addressing the people of his Constituency (Shiggaon) because, he (Bommai) has won four times from that Constituency. Therefore, he has an emotional bond with the people because, he has become Chief Minister due to their blessings. The emotional speech of the CM can be understood by those who have the heart of a mother. Others cannot understand such emotions," he told reporters here.

Kumaraswamy said he also becomes emotional when he addresses people of his Constituency in Ramanagara.

"On many occasions, I also become emotional and emotions pour out while addressing people of Ramanagara, which is my Constituency. This is because they look after us like their own children. So when I visit them it is but the nature of human beings to become emotional," he said.

In a highly emotional and choking voice, Bommai here on Sunday had said "nothing is eternal in this world, including posts and positions."

These remarks came in the wake of some media reports questioning his leadership qualities. A section of BJP leaders believe that Bommai has failed to assert his leadership within the party, people and the Government.

Bommai had assumed charge as Chief Minister on July 28 after B.S. Yediyurappa resigned following completion of two years in office.

## WORD OF THE DAY

### Flippant

**Pronunciation:** FLIP-unt.
**Meaning:** Flippant means "lacking proper respect or seriousness."
**Origin:** Flippant is believed to come from flip, which, in turn, is a supposed imitation of the sound of something flipping. The earliest senses of the adjective are "nimble" and "limber." One can be flippant not only on one's feet but in speech—that is to say, their words flow easily. Such flippancy was considered a good thing at first; however, people who speak freely can sometimes seem too talkative, and even impertinent. The positive sense of flippant has slipped from use, but the "disrespectful" sense still flows.
**Example:** "Clearly, today's internet is unfathomably faster than it once was, but that raises an important question: Just how much internet speed do you actually need? The flippant answer is as much as you can get...." — Dave Johnson

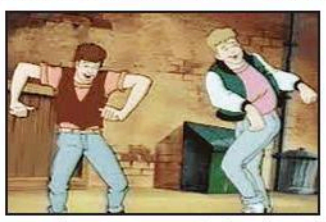
## THE ODD WORD

**Falderal**

Nonsense; meaningless refrain of a song.

## PHRASE OF THE DAY

### New kid on the block



**Meaning:** When you say that someone is the 'new kid on the block' you mean that they are a new arrival to the area or to the social group.
**Origin:** The phrase 'new kid on the block' originated in the United States and was first seen in print in a "Skippy " cartoon by Percy Crosby: "The new kid on the block told me that the next time he saw you he was goin' to twist your nose."
**Example:** "Jeff's the new kid on the block; he doesn't know all the rules yet."

## QUOTE BOX

Manners are the basic building blocks of civil society.

# Eighth edition of Pro Kabaddi to commence from tomorrow

Bengaluru, Dec. 21- After more than 20 months since the previous edition that was held between July and October in 2019, Pro Kabaddi is set to return for yet another full season. The eighth edition of the tournament commences from tomorrow (Dec. 22).

The 2019 edition of the tournament witnessed a new champion when Bengal Warriors outclassed Dabang Delhi 39-34 in the final in Ahmedabad for their maiden title. Bengal Warriors, as a result, became the fifth team to lift the Pro Kabaddi League trophy, with Patna Pirates (three titles) having won the most.

Mashal Sports, the organisers of the Pro Kabaddi, were forced to cancel the 2020 edition owing to the Coronavirus outbreak, but the return of the league, that has grown in popularity among the kabaddi fanbase, will certainly bring a cheer this time around.

Previously, the tournament had been held across various cities in India, but this time, it will follow a single-city format with Bengaluru hosting all of the matches. **All the matches will be held at the Sheraton Grand Bengaluru Whitefield Hotel and Convention Centre inside a bio-secure bubble. And for the first time, spectators have been prohibited from attending matches owing to COVID-19, which means all matches would be held behind closed doors.**

### Tournament format

While the Pro Kabaddi followed a zonal format in its fifth and sixth seasons, it returned to a double round robin format in 2019, and this time, too the tournament will follow the same format. All 12 teams will now form a single league phase, with the top six teams qualifying for the playoffs.

While the top two teams earn a direct entry to the semi-finals, the teams placed from third to sixth play out eliminators for the remaining two spots.

The winners of the two eliminators join the other two semi-finalists and then, the teams that come out on top in the semis, play in the final.

### Teams

Bengaluru Bulls, Puneri Paltan, U Mumba, UP Yoddha, Bengal Warriors, Patna Pirates, Dabang Delhi, Jaipur Pink Panthers, Haryana Steelers, Tamil Thalaivas, Gujarat Giants and Telugu Titans.

### Matches schedule

Mashal Sports, the organisers, have announced that 'Triple Headers' will take place on the first four days of the tournament so that every team gets to open their campaign. Furthermore, it added that there would be similar Triple Headers on all Saturdays. The timings for the Triple Headers will be 7.30 pm, 8.30 pm and 9.30 pm IST.

**The Pro Kabaddi League 2021 will be telecast on the *Star Sports Network* TV channels, and will be streamed LIVE on *Disney + Hotstar*.**
